Frontend & Mobile Engineer (Next.js, React Native/Expo) - Product-grade UI, performance-minded, detail obsessed.

SUMMARY

Frontend & Mobile Engineer specializing in Next.js and React Native (Expo). Strong at shipping product-grade UI, integrating APIs, building scalable component systems, and delivering smooth, responsive experiences across web and mobile.

CORE SKILLS

Frontend: Next.js, React, TypeScript, JavaScript, Tailwind CSS

Mobile: React Native, Expo, Zustand, React Query, Push Notifications

Engineering: API Integration, State Management, Performance Optimization, Responsive UI, Component Systems

Tools: Git/GitHub, REST, Debugging, CI-friendly workflows

EXPERIENCE

Mobile Engineer (Contract) - Leadway Assurance | Lagos, Nigeria (Hybrid) | May 2025 - Present

â€¢ Shipped the Leadway Health mobile app frontend using React Native + Expo for Leadway staff and HMO users.

â€¢ App Store: <https://apps.apple.com/ng/app/leadway-health/id1534135962>

â€¢ Built and maintained core UI flows and reusable components, ensuring consistent design and smooth navigation.

â€¢ Implemented state management with Zustand and server-state/data fetching with React Query.

â€¢ Integrated push notifications and in-app UI states for real-time updates and better user engagement.

â€¢ Delivered health/fitness UI features such as steps tracking and calories burned displays with polished UX.

Frontend Engineer (Contract) - Palpeer | Lagos, Nigeria (Remote) | Apr 2025 - Mar 2026

â€¢ Led the frontend build of an internal admin/dashboard for a bureau de change company supporting peer-to-peer transactions.

â€¢ Built with Next.js, Tailwind CSS, and React Query; integrated backend APIs for core operations and reporting views.

â€¢ Optimized UX for speed and clarity in operational tooling (tables, forms, filters, detail views).

Freelance Web Developer - Self-employed | 2022 - Present

â€¢ Built responsive websites and web apps for clients, focusing on clean UI, accessibility, and performance.

â€¢ Delivered end-to-end frontend implementations from requirements to deployment and iteration.

Frontend Developer Intern - Leadway Assurance | Apr 2024 - Apr 2025

â€¢ Completed front-end training and built multiple apps (e.g., Feedback App, GitHub Finder, Real Estate App).

â€¢ Implemented client-side routing with React Router DOM and integrated Firebase-backed data flows.

â€¢ Built foundations in SQL/MySQL basics, data analysis fundamentals, and cybersecurity concepts.
